**Subject:** Final Wrap on PFAS Action Plan  
**Attachments:** Potential Addition of PFAS to TRI one pager.docx

**Importance:** High

- OW has been reminded about updating the TSCA Inventory #s; they are working on the graphic.
- OW's AA is wanting to have a TIMEFRAME for the TRI piece. According to the TRI program (see 1-pager they previously brief you with), once rulemaking has begun, the earliest reporting would be 2 years beyond that; which would be approximately. July 2022 reporting on 2021 releases.
- Below are some Options to consider...or provide others

# Deliberative Process / Ex. 5

Tala R. Henry, Ph.D.  
Acting Deputy Director  
Office of Pollution Prevention and Toxics  
U.S. Environmental Protection Agency

**Subject:** Quick Question PFAS Action Plan

Tala,  
Attached is the updated Action plan.  
Is this correct?

**Deliberative Process / Ex. 5**

I also caught that they haven't updated the TSCA inventory numbers yet. All the TRI edits are in there, although I haven't checked everything else.

Thanks!  
Nancy

**Subject:** PFAS Action Plan

All,  
Attached FYI are the PFAS Action Plan and Response to DOD/NASA/NIH comments incorporating OCSPP input/responses that were transmitted just now to OW.

The plan is for the materials to be transmitted to AAships soon (perhaps even today) for final review in order to achieve the goal of making the plan public in February.

Thanks much to Toni Krasnic, Ryan Schmit and the TRI guys, Larry Reisman, Dave Turk and Dan Bushman for making this happen for us.

Have a great weekend.

Tala
